MEMORANDUM FOR: Director of Central Intelligence.

SUBJECT : Revision of Priority National Scientific
and Technical Intelligence Objectives
(Annex C to DCID 1/3)

1. This memorandum is a briefing note in connection with an IAC agenda item on 1 July 1958.

2. The Office of Scientific Intelligence has participated in the subject revision and is in agreement therewith. In consonance with past procedure, the Scientific Estimates Committee assumed the initiative in the community by preparing and endeavoring to coordinate a statement of intelligence objectives in the field of science and technology. However, following non-endorsement by the Guided Missile Intelligence Committee of the basic draft and separate submission by that Committee of a draft Annex E to DCID 1/3, formulation of statements of objectives in separate annexes became advisable.

3. As anticipated by the Scientific Estimates Committee, only minor revision of material within its sphere of responsibility was deemed necessary at this time:
